Cove Fort (U-57)

Structure

Intersection of State Routes 4 and 161, 2 miles East of Interstate Route 15. Museum. Black volcanic rock, rubble masonry, two single story ranges of inter-connecting row houses face each other across a court enclosed at the ends to form a fortification, 100' x 100'. Hollow doors were filled with sand to extinguish flaming arrows of Indian attackers. Simple pioneer interiors. Built 1867 by Ira N. Hinckley as
